**MinuteMan Press (by coaches John Silva & Enrique Boggio)**  
After two months of practices and games, the MinuteMan Press team is continuously improving on their new found skills! Everyone is learning how to work as a team and how to pass and share the ball. All the players are practicing their ball dribbling technique around pylons and love finishing off with a goal! Andrew Schoettler carries the ball with determination while trying to score during the games while Cameron Bruno loves to play defense and does a great job in limiting the other team's chances. Madison Riley is always ready to help out her team and loves to pass the ball to her team mates. Andrew Goettsche is always involved with the play and is always battling for the ball. Olivia Morley impresses week after week and always has a positive attitude while Joshua Sheppard never gives up and loves to be involved in the action! Great work everyone!

**Starry Business Solutions (by coach Uwe Samstag-Schnock)**  
The Starry team is coming together nicely. Newcomer Julia Kerns has been welcomed by all and Emily Theoret is guiding her brother Matthew into play, while Alessia Mazzocato is taking care off young Cody Ryan when sister Kaleigh is not available.  
The Orange-Blue squad has worked hard on the basic skills such as throw-ins and proper foot kicks. They have mastered the "line-up" concept and sharing of the ball (passing). Michela Fortner and Ethan Currie are carrying the ball with ease and demonstrate leadership to the younger ones. The toughest player on the field is "Tigger" Teagan Duplantis through, who does not give up and is found in the midst of all. Lauren McCarthy is becoming a force with quiet determination. It is wonderful to see Megan Abrams come to the pitch to learn as much as she can to keep up with brother Jack. Starry's own Faith Augusto has mastered the shoelace kick as is working on her inside foot pass. What a joy to be with these little stars!

**JK Concrete Forming (by coach Uwe for Cory Carter)**  
It is always a pleasure to be a guest coach to another set of budding Beckhams. This yellow-blue JK team rocks! With a perfect balance of experienced and novice players, there is a lot of sharing going on. Impressive on the skill development level are Nicole Kirin and the ever excitable Brooklyn Slade. Having back old-timer Said Peco makes the coach's life easier as Said already knows what to do and can work on fine tuning his skills. JK's Ethan Guthries-Kirkintzis amazes with enthusiasm and rarely does he lose steam during the running drills. Xavier Costa, the kind-hearted senior on this team is ready to move up to the U7, perhaps after the break? What a cutie young Eric Proud is - he already has a good feel for a volley kick and will follow in Beckham's footsteps for sure. I'll miss running with Caitlin Bradley and Kelsey Harley, who kept outrunning the coach down the long stretch of the field.

**Milton Community Nursery School (by coaches Tracy Faulkner & Jillian Morandin)**  
We are mid-season and the entire team of MCNS has shown leaps & bounds with their soccer skill development. The kids have come a long way with their kicks both using the inside of their foot and shoelace kicks. Robbie Collett demonstrates talent with his strong inside foot kick, while Alyson Milum has a wicked shoe lace kick which sends the ball flying. Ryan Patterson has mastered his ability to dribble the ball up and down the field, while Mathew Rye and Ben Parker love the running races we do in warm up, they definitely have the speed on the team. The kids have been practicing their throw-ins and really seem to grasp the concept of trying to keep the ball in play with the field markers. Julia Johnson-Chin works hard for the ball and is always first in line to take a throw-in. The team has come to understand which direction they should be running in, and really work hard not to run into each other. We've had many hot nights in July and all the kids look forward to the Water Breaks and of course Freezies at the end of practice. Coaches Tracy & Jillian are proud of the progress all of the kids have made on the team thus far. We look forward to developing this All Star Team!

### U7

**Body & Sole 0: 2 Versatile Millwright**  
In their second match up of the season, Versatile Millwright was looking for a different result than the one which saw Body & Sole win 2-0 in the first week of action. It was a cool evening filled with rain and drizzle and both Coaches were delighted to see that enough players were available to play a game! Katrina Kanbergs along with Oliver Reyes played great defence to ensure that the score line remained 0-0 at half time. Scoring opportunities by Domenic King and Justin Bessett gave Body & Sole an opportunity to gain an early lead but the Versatile Millwright keeper made sure the ball remained out of the net. Nicholas Iannicello played a great game and made great passes to his team mates to set up some scoring opportunities. As more Body & Sole players arrived to the game by half-time, the teams were somewhat outnumbered and Robert Simmons showed great sportsmanship by volunteering to help Versatile Millwright as goalie. The duo of Corlin Varga and Shannon Sadler (not sure of the other girl's name) made some terrific runs for Versatile Millwright which led to two goals late in the second half. Great job by both teams and congratulations to Versatile Millwright on their first victory of the season!

**Body & Sole 4: 2 SNAP Milton**  
It was an exciting soccer match held on a warm Wednesday night between the Body & Sole Team and SnapMilton. Highlights for B&S include goaltending from Robert Simmons in the first half and Katrina Kanbergs in the second. B&S led the match on goals by Lukas Pacchione. Scoring was rounded out by Robert Simmons, with two goals late in the game. Madeline Morrison and Mya Brathwaite powered the defensive lines in the second half. Both consistently stayed between the attackers and their goal, thwarting many break-aways. Dominic King showed great skill in moving the ball up field to his forwards in the second half. Congratulations go out to these two teams, who provided an exciting match for the spectators. Well done.

**SNAP Milton 1: 0 Versatile Millwright**  
On a cool and rainy Wednesday evening, Snap Milton faced a tenacious and resilient side in Versatile Millwright. The match was filled with some terrific teamwork, end to end exciting action and terrific goalkeeping. Snap Milton

opened the scoring with an outstanding effort from Noah Mistuzzi just a few minutes into the match. From that point on Versatile Millwright turned their game up a notch. Led by the brother and sister duo of Frankie and Corlin Varga; their speed and skill put Snap's defence under constant pressure. If it hadn't been for Cole DeFazio making his debut in goal for Snap this game could have swung the other way. Time after time Cole kept the opposition at bay with some outstanding saves. Twins duet Serena and Selena Teixeira proved to be a valued asset with their constant pressure on the opposition. At the final whistle, Snap Milton were victorious one goal to nil. The rematch in a few weeks should be much of the same and one in which we're all looking forward too.

### U10

**Horne Construction 2: 4 Storage Spot**  
The formidable orange force shook a little bit tonight as a reduced Horne squad played nice passing game against the full roster of Storage Spot. Unlike their 1st encounter, Horne came close in score and evened out the match before running out of steam. Great goal tending by Owen Cascagnette was complemented by one goal each for Lucas Price and Amadeo Traetto. Ultimately, it was goalie Taha Majid who kept Storage Spot in the lead with great saves and parries. Horne is closing in on orange - the next game is ours.

**Fiskars 2: 0 Horne Construction**  
It was an exciting Wednesday evening when Fiskars took on the vacation reduced Horne Construction. A striking goal by Robert Lammers gave Fiskars the lead in the first half. Offensive attacks by Chae-Lynn Bailey and Amanda Iannicello provided some spectacular chances while the defensive plays by Emily Doan, Holden Martin and Garth Martin kept Horne Construction scoreless. A second half goal by Adam Svoboda and goaltending by Emily Mogilnicki clinched Fiskars a win and season's first shutout.

**Complete Audio Visual 5: 2 Fiskars**  
This is the second time these two teams have met this season. The rematch was better than the first time, as the play continued to move end to end. The goalies needed to stay sharp to keep their teams in play. Team AV was particularly charged up with the return of Jordan Jones in the line up. Jordan responded by playing well at the midfield position, partaking in a number of plays and scoring a goal. Additional offensive power was provided by Ilmar Kanbergs, Jake Michaelis, Vasco Gamero, and Payne Wood. Savroop Pamma and Kennedy Paule shared goaltending work and needed to be sharp to keep Team Fiskars at bay. Fiskars' own Tanner Dewar responded by scoring a goal in the first half.

**Horne Construction 3: 3 Complete Audio Visual**  
In their second meet, Horne came out strong and prepared. Having practiced working as a team and letting the ball roll, an early goal by Amadeo Traetto gave Horne Construction the lead. This was topped by a nice tap-in from stealth player Lucas Price. Before the half-time, though, Complete AV's Payne Wood notched a rebounder past goalie Andrew Cascagnette. After half time, trade-in Amadeo scored Horne's third goal, but the yellows put pressure on the reduced navy-blue squad completing a 2 goal comeback to tie the game. Outstanding play by Isabella Mauergerie in defense alongside Julianna Popp who can sweep anything out the back. Max Horne and Avery Augusto were the axis on the right, while Victoria Peetoom moved many balls up the line to the forwards. Great game, good team work, lucky opponent.

### U12

**Heathwood Homes 6:2 Ryno Renovations**  
MVP's: Tomiwa Odemidun and Connor Roberts  
Best Sportsperson: Shaan Sohail and Tijn Van Baars  
Finally! All the hard work and patience in practice has paid off. After a one goal deficit, netted in by the yellow's Connor Roberts, the green Heathwood's started trusting themselves to let the ball do the work. Three wonderful passing plays led to goals by Tomiwa Odemidun, after a final give by Gabe Pacchione. Then Gabe had a goal on a break away, as did the gazelle Tomiwa. Again, smart passing led to Patryk Kaminska scoring after a set up by Tomiwa. The pair reversed the play for a 4 goal lead. Gabe Pacchione would finally lob one in the net. In the dying minutes of the game, Tristan Kovac score a beautiful goal on a turn around for Ryno Renovations. Of note, though, wasn't the goals, but the passing among Heathwood and their desire to get to the ball first. Goalies Patryk and Farzad Najem kept the yellows at bay, while Shaan Sohail cleaned out any dangerous break-aways. Contributing to the movement of the play in mid field were Pauline Kaminska and Daniel Kupiec. Heathwood's solid defense was complemented Andrea Mariles and Lazaros Manolakos. All in all, it was a delight to see the underdogs showing off their team work. Go Dream team go!

### U10 Advanced

**Milton 1: 2 Cardinals**  
In an exhibition game against the out-of-town Cardinals, our select group of U10s played a good game against the more experienced red-jackets. After an early lead through Milton's Isaac Mistruzzi on a great pass by Stephan Sookbir, teams traded attacks on an equal basis with many chances on either side. However, Milton's defense was solid with Zach Boswell, Lazaros Manolakos and Ryan Nowak keeping pressure away from goalie Ilmar Kanbergs. Newcomers Joshua Blazina and Will Duggin rounded out the forward line. We took this opportunity to let younger stars experience the pressure of advanced play and Julianna Popp, Anje Samstag-Schnock, Daniel and Adam Svoboda, as well as Jake and Cole Michaelis, all stood their ground against the all-boys Cardinals. We are all looking forward to the away game in August.
